H2-A-LC-12

Extra-Large Space Power-Saving Direct-Drive Top and Bottom Feeding Machine

- Extra-large space with wider working range
- Strong feeding, high puncture force
- Direct drive integration, power saving and high efficiency
- Alternating quantity visualization, accurate adjustment
- Simple panel, easy to learn and use
- Sealed presser foot lifter shaft, no oil, no trouble

*Source: Frost & Sullivan's research based on the number of industrial sewing machines sold by major global industrial sewing machine companies in each year between 2010 and 2023, market research completed in September 2024.

3Alternating quantity visualization , accurate adjustment
Scale mark is added to the crank.Operators can adjust the alternating quantity gear according to products thickness,more convenient and accurate.

4Simple panel, easy to learn and use
when press the new stop key, machine will stop running and eliminate potential safety hazards caused by incorrect operation when power is on.

Suitable for sewing products such as seat cushions, bags, swivel chairs, floor mats,home textiles, hats, etc.
Suitable for sewing: leather, canvas, denim, non-woven fabrics, etc.

Bag

Seat cushion

Swivel chair

Floor mat

5Sealed presser foot lifter shaft,no oil, no trouble
The sealed presser foot lifting shaft is lubricated by the imported solid grease to avoid oil troubles.

6Optional for a large needle length model
It is suitable for sewing with large stitch length, such as curtains, carpets, home textiles, slippers, etc.

1Strong feeding,high puncture force
Top and bottom feeding,750W motor easily sews for 10 layers of leather,optimized system of motor and electric control, makes the puncture force 36% increased.

2Direct drive integration,power saving and high efficiency
Electromechanical integration, stable and reliable, plug and play, convenient and convenient,energy saving is up to 70%

Large space

100mm extended head delivers an extra-large sewing space. Sew large leather materials and sofa cushions smoothly without repeated flipping.
